NEVADA MINERAL LAWS AFFECTED BY OIL RULING

MEANING OF SUPREME COURT DECISION AS APPLIED TO RAILROAD GRANTS.

With the oil land decision of the supreme court of the United States yesterday, giving clear title to \$700,000,000 worth of California oil lands, came a question as to the status of affairs in Nevada, where so much of the land included in the Central Pacific grant may be mineral bearing, says the Reno Gazette.

That the discovery of minerals on land patented by the Southern Pacific company cannot affect the patent under the supreme court's decision was stated today by Judge George S. Brown, local counsel for the company.

Heretofore, it is said, the popular impression has been that a man could stake out a mineral claim anywhere he found minerals and oust the former owner of the land.

Such action is declared clearly out of question, legally. The court's decision is interpreted as meaning that mineral locations may be made on lands under grant to the railroad company, but not on lands owned under patent by the railroad company or by settlers. Any unpatented land is held under the decision to be open to mineral locations, but patented land is held not to be open to location. The only way, Judge Brown points out, that a patent once issued could be annulled, would be for the government to bring action within six years to set aside the patent on the ground that it was issued through fraud or error.

Judge Brown explained that the railroad has land examiners, of whom Carl Stoddard, of Reno, is one, going over lands which are ready to be patented. The land examiner makes oath that the lands to be patented are agricultural only, but not mineral. In case of a contest on this point, the government examiner looks at the land and if his decision does not coincide with that of the railroad examiner, another examination is made by the railroad's representative. Valuable mineral deposits are the basis on which land may be excluded from patent for agricultural purposes.

SIX-YEAR-OLD SUIT FINALLY SETTLED

FINAL SETTLEMENT OF AN OLD CONSTRUCTION SUIT.

The case of H. A. McKim against James T. Golden, which has been dragging along in the district courts for the past six years and recently taken to the supreme court by the defendant appealing from the ruling of the lower court, has been decided. The case is the result of a contract for excavation of the cellar for the erection of the McKim store at Tonopah in the early days of the camp, the plaintiff claiming damages for breach of contract.

Golden was sued by McKim for \$1,500 for breach of contract and McKim was awarded \$800 liquidated damages, Judge Averill holding that Golden breached the contract. Golden appealed and the supreme court affirmed the decision of the lower court as to the breach, but reversed the award as to the amount of damages, holding McKim was only entitled to actual damages. J. A. Sanders represented plaintiff.

H. H. ATKINSON REPLIES TO A RECENT STATEMENT

To the Tonopah Bonanza:
In the Tonopah Bonanza of June 22 there appeared an editorial stating that "Harry Atkinson" is commonly accused of lending aid to the enemy at the last election by aligning himself with the Pittman clique and therefore was instrumental in defeating the Republican candidate. I have never been accused of such a thing except by the article referred to, that I know of, unless by some unprincipled political enemy who has maliciously concocted this pernicious and false statement for what effect it might have. It has never been done in my presence.

The statement is false and untrue. There is no foundation for it and never has been. Everyone associated with me in the last campaign knows it, and in Tonopah the accusation has not been taken seriously, but elsewhere the uninformed might be influenced.

I would, therefore, ask that you insert this denial in your paper, a denial which cannot be made too strong, for, to my mind, the late Senator Massey was the strongest man in the State of Nevada, available for senatorial honors, and always commanded my highest admiration and loyal support throughout the entire campaign. (Signed) H. H. ATKINSON.

TO THE REPUBLICAN VOTERS OF THE STATE OF NEVADA

In making formal announcement of my candidacy for the nomination of secretary of state on the Republican ticket, subject to the decision of the voters at the primary election to be held September 1st, 1914, and for the information of those with whom I am not personally acquainted, I wish to state that I stand on my record in the Nevada state legislature, as a member of the assembly during the session of 1907, the special session of 1908, as state senator in 1911, the special session of 1912, and the regular session of 1913.

I was born and raised in Virginia City, Nevada, and elected to the above named positions from Storey county.
